

Kansas City Northland Elks Lodge #2376 delivered approximately 80 hardback books to the Kansas City Veterans Hospital. A local resident, who is not a member of the Elks, was aware of the many charitable activities of the Elks and donated the books to our Lodge to be distributed to the veterans at the Veteran's hospital. This is just another example of the **Elks Care, Elks Share** attitude and energy that the members continue to do in the Northland, from support of veterans, scholarships for teenagers, Hoop Shoot, Fishing Derby and drug awareness for youth, as well as support for our residents who need help with homelessness situations and food insecurity.
